Experience

Head of Front-End Development

2015 — current

Urban Influence — Head up all things front-end dev and design for the Seattle-based branding & interactive firm. Involved in all phases of a web project, from client meetings to deployment. While still writing code daily, I also oversee a small team of devs & designers and help to shape the Company's web game.

Front-End Developer/Designer

2014 — 2015

Urban Influence — Focus on building industry-leading, CMS-driven marketing sites (largely Wp, but also Craft and Shopify) and Rails/Vue.js-based web apps. Work secured a multiple of awards and features in industry publications (Awwwards, CSSDA, SiteInspire, Web Designer Magazine, etc)e. Notable client work includes Redfin, INRIX, Formidable, Quentin Tarantino, Seattle Met.

Principal / Freelance

2012 — 2014

SoSweet Creative — Ran a freelance web shop, designing and developing sites and web applications for a variety of clients across different sectors, especially tech start ups. Work was regularly featured on Awwwards, CSS Design Awards, etc.

Lead Web Developer & Designer

2010 — 2013

Invention Home — Led design and development of the Company's web applications/products, marketing sites, and Landing Pages. Collected data through various channels to support extensive multivariate testing, email marketing and Adwords campaigns.

Education

BA Writing — University of Pittsburgh 2008
